

EXCITING NEW DUAL PATHWAY APPROACH

STAGE ACADEMY

STEM ACADEMY

Our new pathways offer additional lessons and a project-based learning approach tailored to students' passions and talents.

This initiative is designed to provide an enriching, focused learning experience that extends beyond the standard curriculum, allowing students to fully explore their interests and potential.

- Immerse in performing arts with specialized lessons in drama, music and dance.
- Perform in school productions and showcases.
- Collaborate with experienced professionals and peers to hone your craft.

- Engage in hands-on, project-based learning in science, technology, engineering and mathematics.
- Develop critical problem-solving skills and explore future career opportunities.
- Participate in extra-curricular projects and competitions.

To enrol your child at The Whitstable School please, send an email to:
Kentinyearadmissions@kent.gov.uk
